ECONOMY: GDP GROWTH WITH PERSISTENT INFLATION

Romania recorded a consistent GDP growth of 1.9% in Q4, with an overall surge of 1.3% throughout 2024. Retail sales were a major catalyst in this regard, with an overall growth of 7.6% across 2024. Inflation remained relatively high at 4.8% in Q4 (5.7% on average in 2024), but the 2025 forecasts are positive, indicating a lower mean of 3.9%. Amid these inflationary pressures, the National Bank of Romania has not operated further key interest rate cuts in Q4, with the benchmark still being quoted at 6.50%, as the next movements are expected at the end of Q1 2025.

SUPPLY & DEMAND: CONSISTENT NEW SUPPLY ACROSS 2024

Shopping Park Pitesti (22,500 sq. m) and the major refurbishment of Jumbo Center in Bucharest (25,700 sq. m) and Crevedia Retail Park (12,000 sq. m) were the most relevant retail completions in Q4. Therefore, the 2024 new supply was of ~180,000 sq. m GLA, reflecting to a 15% decrease when compared with 2023, while still being of best years in the past decade when it comes to new completions. The modern retail stock in Romania is of 4.62 million sq. m, which corresponds to a density of 243 sq. m/ 1,000 inhabitants, one of the lowest in the CEE region. The potential for further growth can be noticed in the current developers' plans which exceed 700,000 sq. m GLA (under construction or planned projects) and which are due to be completed by 2028/ 2029.

PRICING: STABLE RENTS IN Q4

The prime shopping center and high street rents remained stable on Q4, with benchmark Bucharest value of €90 and €60/ sq. m/ month for units between 100 - 200 sq. m at the ground floor of dominant shopping centers and on high street locations, while the corresponding figures in secondary cities, such as Cluj - Napoca, Timisoara, Iasi and Constanta were ranging between €50 - 65/ sq. m/ month.
